

Dear John:

STATINTL

Please find enclosed an invoice for the two complete cell blocks shipped prior to [redacted] last visit.

STATINTL

As I explained, during our telephone conversation last week, when these articles were shipped they were sent rather quickly and the packing slip was made up in great haste. The price quoted on the packing slip was an old price and, to make matters worse, it was the price for the card and not the complete cell block.

I have contacted a [redacted] plant to arrange for your representative to pick up the dataphone equipment rather than have it shipped [redacted]

STATINTL

STAT

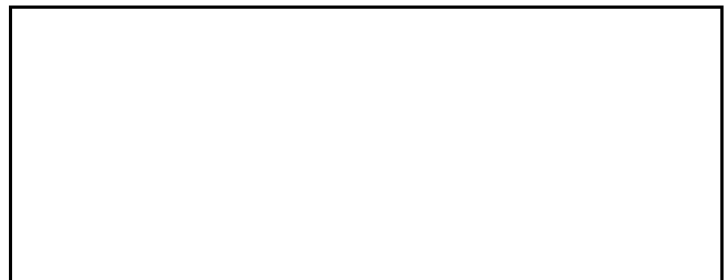

I am trying to organize things so that when the equipment is near completion [redacted] will inform me when it will be available, tested, and packed ready for shipment by air freight. I, in turn, will forward this information to you so that you can arrange the pickup.

STATINTL

Sincerely yours,

STATINTL
